The following action is in response to the amendment received August 24, 2005.

***Allowable Subject Matter***

Claims 1, 2, 4, 6-15, 17-20, and 22-46 are allowed. In accordance with MPEP 608.01(n)IV, claims 1, 2, 4, 13-15, 19, 20, 22-45, 6-12, 46, 17, and 18 will be renumbered for printing as claims 1-42, respectively.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a clutch control system as defined in claim 1 wherein the gearshift lever sensor is mechanically coupled to the gearshift lever.

The prior art of record also fails to show or teach the control system as defined in claim 23 having a position detector as defined in section (C) of the claim.

The method of controlling enablement of a clutch assembly as defined in claim 34 is allowed for the reasons set forth in applicant's Remarks received August 24, 2005, specifically the arguments set forth from line 16 of page 25 to line 16 of page 26.

The art of record fails to show or render obvious the clutch control system as defined in claim 45 having the selectively actuable latch mechanism as defined in section (C) of the claim.

The prior art fails to show or teach the clutch control mechanism as defined in claim 46 having the gearshift lever sensor, including an optical encoder, as defined in section (A) of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Examiner Comment***

The proposed drawing corrections filed August 24, 2005 are approved by the examiner. Accordingly, the objection to the drawings is withdrawn.

The amendments to the specification filed August 24, 2005 overcome the objections to the disclosure set forth in the previous Office action. Therefore, the objections are withdrawn.

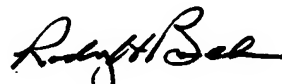

The formal error in claim 10 is corrected by the amendment of August 24, 2005. Therefore the objection to claim 10 is withdrawn.

After reconsideration in view of applicant's amendments to the claims and in view of applicant's arguments set forth in the response of August 24, 2005, the rejections based on 35 USC 103(a) are withdrawn, and the claims are allowed for the reasons set forth above under Reasons for Allowance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney H. Bonck whose telephone number is (571) 272-7089. The examiner can normally be reached on Monday-Friday 7:00AM - 3:30PM.
